

By God's grace, I will serve my Lord, family, and church 1) by daily enriching my personal relationship with Jesus Christ through Bible study, private prayer meditations, and sharing God's love in witnessing opportunities; and 2) by looking for available young people to mentor in pastoral leadership from the congregation, conference assignment, or otherwise; and 3) by a regular health regimen of outdoor walking and occasional hiking and biking; and 4) by improving my communication skills with my wife, my church, and community; and 5) by pursuing life-long education from the inspiration of the initial 2005 Cohort.
